Dehydrated Onion Powder

Finely milled dried onion for seasoning blends, soups, sauces and savoury food manufacturing.

Product / trade name	Dehydrated Onion Powder
Variety / grade / form	White or red onion; powder with mesh and drying method agreed
HS / HSN reference	071220 · indicative international six-digit reference
Origin	India; exact source and origin documentation to be confirmed
Quality parameters to agree	Onion type, mesh, moisture, colour, aroma strength, bulk density, microbial limits and any anti-caking agents.
Packaging options to discuss	Sealed food-contact inner liners in bags, cartons or drums; pack weight, moisture barrier and labels agreed per order.
Storage & handling	Store sealed in a cool, dry place away from light, moisture and strong odours. Shelf life is confirmed for the selected product and packaging.
Documentation scope	Confirm the specification, batch analysis scope, traceability, origin documents, food-business compliance and destination-specific import requirements before shipment.
Minimum order quantity	Confirmed on enquiry for the exact product and destination
Lead time & availability	Confirmed after specification, sourcing and logistics review
Sample / inspection	Requirements, cost and timing to be agreed before the order

This is a product reference, not a batch certificate or a confirmed offer. Final specifications, packaging, availability, classification and destination requirements must be agreed in writing.
